All crews are doing PT to help acclimate to the elevation; all areas are over 6,000 ft. all crews are doing project work, patrolling and fire prevention as needed.

IARRs visited VA crew. Floyd (IARRt) will stay on the south end of the state with VA and both KY crews. Paul will stay in Albuquerque with NC and TN crews. Paul also visited TN crew and went to SWCC for more discussion on the chainsaw issue and was able to brief the Coordination Center Manager who then called the cache and worked things out. Currently, both KY crews have three saws each from the cache. The other three crews should receive three saws each tomorrow. The plan is for CRWBs to sign for the saws; the crews will keep them as long as they remain in the SW GACC; and crews will return saws to the mobilization center upon demob from the SW.
