

New: A video message from Mike Dueitt, R8 Forest Service Assistant Director Fire and Aviation, inviting Burn Bosses and Agency Administrators from all agencies and partners to attend RT-300 in July. Go to the Video section of the Whova app or the Whova Web App to view this and other videos. If you have trouble accessing the app or web app email dschwilling@gmail.com.

**RT300 Interagency Prescribed Fire Training & Refresher
July, 19-22 2021!**

**Chattanooga Convention Center
Travel and "check in" will be July 19th, with instruction beginning July 20th at 0800.** We currently have over 280 registered in Whova and expect that we will meet our goal of 400+ attendees. Reserve your spot now and stay updated with the most recent information.

HAVE AN IDEA FOR THE APP?

Do you have an idea of a poll, video or other information you would like to see on the Whova App? Just let us know responding to the Ideas for the Whova App topic under the Community Tab on the app.

WHOVA POLL RESULTS:

What are the barriers to burning the acres identified in your vegetative management plan?

Top 3 answers:

- 1) Weather parameters not met
- 2) Need more personnel
- 3) Smoke & air quality restrictions

The complete results can be viewed in the Whova app under the Documents Tab.

REGISTER NOW! Registration identifies your interest in attending and gives us contact information so you can receive event updates. Register online here: https://whova.com/portal/registration/rt_202011

Also download the Whova app. Whovais an event management app designed to assist with class enrollment, facilitate information sharing, store presentations, and provide social media options among many other features. You will find many uses for the app before, during and after the event including class enrollment. You can download the app here: https://whova.com/web/rt_202011/ When asked for an invitation code use: rt2020
