Big Game Retrieval
Only designated roads, motorized trails and motorized use areas depicted and described on the motor vehicle use map are open for motorized big game retrieval. Motorized big game retrieval is prohibited in areas where motorized travel is prohibited, such as wilderness.

(Guidelines) For the purpose of motorized big game retrieval:
• Use of motor vehicles should be limited to within 1 mile of designated roads and motorized trails to retrieve a legally hunted and tagged elk during elk hunting seasons as designated by the Arizona Game and Fish Department, and for 24 hours following the end of each season.
• Only one vehicle (i.e. one trip in and one trip out) per harvested animal should be operated off of designated roads and motorized trails.
• Hunters should use the most direct and least ground-disturbing route to accomplish the retrieval.
• Motorized big game retrieval should not occur when conditions are such that travel would cause damage to natural and/or cultural resources.
• Motor vehicles should not cross riparian corridors, streams, and rivers except at authorized crossings or crossings with existing culverts.

Motorized Dispersed Camping
Motor vehicle use off of designated roads for the purpose of dispersed camping is permitted for up to 300 feet from the centerline of the road year round.

Designated Areas Open to Cross County Travel
The Hayfield Draw and Alto Pt Travel Management Areas are open to all non-highway vehicles less than 50 inches wide year round.

PROHIBITIONS
It is prohibited to possess or operate a motor vehicle on National Forest System lands on the Prescott National Forest other than in accordance with these designations (36 CFR 251.13).
Violators of 36 CFR 251.13 are subject to a fine of up to \$5,000, imprisonment for up to 6 months, or both (U.S.C. 3071(a)). This prohibition applies regardless of the presence or absence of signs.
This map does not display nonmotorized uses, over-snow uses, or other facilities and attractions on the Prescott National Forest. Obtain forest visitor information from the local national forest office.
Designated roads, trails and areas may also be subject to temporary emergency closures. As a visitor, you must comply with signs notifying you of such restrictions. A national forest may issue an order to close a road, trail or area on a temporary basis to protect the life, health, or safety of forest visitors or the natural or cultural resources in these areas. Such temporary and/or emergency closures are consistent with the Travel Management Rule (36 CFR 212.52 (b)), 36 CFR 201 subpart B).

OPERATOR RESPONSIBILITIES
Operating a motor vehicle on National Forest System roads, National Forest System trails, and in areas on National Forest System lands carries a greater responsibility than operating that vehicle in a city or other developed setting. Not only must you know and follow all applicable traffic laws, you need to show concern for the environment as well as other forest users. The misuse of motor vehicles can lead to the temporary or permanent closure of any designated road, trail, or area. As a motor vehicle operator, you are also subject to State traffic laws, including State requirements for licensing, registration, and operation of the vehicle in question.
Motor vehicle use, especially off-highway vehicle use, involves inherent risks that may cause property damage, serious injury, and possibly death to participants. Drive cautiously and anticipate rough surfaces and features, such as snow, mud, vegetation, and water crossings common to remote driving conditions. By your participation, you voluntarily assume full responsibility for these dangers, risks, and dangers. Take care at all times to protect yourself and those under your responsibility.
Much of the Prescott National Forest is remote. Cellular telephones do not work in many areas of the Prescott National Forest. Take adequate food, water, fuel, and supplies, and other equipment appropriate for the conditions and expected weather.
ALWAYS REMEMBER TO RESPECT PRIVATE LAND. PROTECT YOUR PRIVILEGE. STAY ON DESIGNATED ROADS AND TRAILS IN DESIGNATED AREAS.
Read and understand this map in its entirety. If you have questions, please contact the Prescott National Forest for clarification.
As a motor vehicle operator on a National Forest System road, trail, or area you must comply with this map, as well as all Federal, State, and local laws and regulations. Compliance with these rules is your responsibility.
These designations apply only to National Forest System roads, National Forest System trails, and areas on National Forest System lands.

PURPOSE AND CONTENTS OF THIS MAP
The designations shown on this motor vehicle use map are effective as of the date on the front cover and will remain in effect until superseded by the next year's motor vehicle use map.
Forest Supervisor, Prescott National Forest
Vernice Chase
It is the responsibility of the user to acquire the current MVM. This map shows the National Forest System roads, National Forest System trails, and the areas on National Forest System lands in the Prescott National Forest that are designated for motor vehicle use pursuant to 36 Code of Federal Regulations (CFR) 212.51 should not be interpreted as encouraging or inviting use or implying that the road, trail or area is passable, actively maintained, or safe for travel. Motor vehicle designations include parking along designated routes and facilities associated with designated routes when it is safe to do so and when not causing damage to National Forest System resources. Seasonal weather conditions and natural events may render designated routes and trails impassable for extended periods. Designated areas may contain dangerous or impassable terrain. Many designated roads and trails may be passable only by high clearance vehicles or four-wheel-drive vehicles. Maintenance of designated roads and trails will depend on available resources, and many may receive little maintenance.
This motor vehicle use map identifies those roads, trails, and areas designated for motor vehicle use under 36 CFR 212.51 for the purpose of enforcing the prohibition in 36 CFR 251.13. This is a limited purpose. The other public roads are shown for information and navigation purposes only and are not subject to designation under the Forest Service travel management regulation.
These designations apply only to National Forest System roads, National Forest System trails, and areas on National Forest System lands.

EXPLANATION OF LEGEND ITEMS

Roads Open to Highway Legal Vehicles Only:
These roads are open only to motor vehicles licensed under State law for general operation on all public roads within the state.

Roads Open to All Vehicles:
These roads are open to all motor vehicles, including smaller off-highway vehicles that may not be licensed for highway.

Trails Open to Wheeled Vehicles 50' or Less in Width:
These trails are open only to wheeled, motor vehicles less than 50 inches in width at the widest point on the vehicle.

Trails Open to Motorcycles Only:
These trails are open only to motorcycles. Sidecars are not permitted.

Seasonal Designation:
This symbol, used in conjunction with one of the other road or trail symbols, indicates that the road or trail is open only during certain portions of the year. Refer to Seasonal and Special Designation Table for further instructions.

Dispersed Camping:
This symbol is used along with a designated road to indicate limited cross-county motor vehicle use within a specific distance of that road, solely for the purpose of dispersed camping. The dots indicate where this activity is permitted. They may be on the left, right, or both sides of the road. Refer to the Dispersed Camping table for specifics.

Other Public Roads and Trails:
